CHAPTER IV
CONCLUSION AND SUGGESTION

4.1. Conclusion

After analyzing the movie, the writer finds eight ways to bully in the movie, there are mocking, bumping, destroying property, tripping, pushing, shoving, throwing things and online. For the causes, the writer finds three causes of Avery to commit bullying. First, Avery wants to gain power, dominance and control. Second, Avery wants to gain social prestige as the outcome of bullying. The last, It is because of Avery’s home environment that lack of warmth between children and parents relationship and the lack of her upbringing from both of her parents.

Meanwhile, for the effects of bullying to Jessica the writer finds six effects of bullying. The first is powerlessness that because Avery always finds a way to bully Jessica. The second is trapped as she physically and emotionally cannot run away or fight back from Avery. The third is fear, Jessica is afraid of Avery does something to her if she finds out about the camera placed on her.

The fourth is shame that she does not want others to see the footage that recorded her when she is being bullied. The fifth is hopelessness that she thinks nothing can be done with her situation and she believes that her situation will only get worst. And the last is suicide attempt. Jessica as a victim of bullying does something very bad to herself which is suicide attempt by taking a whole bottle of pills. The effects of bullying sure cannot be underestimated that it really affects Jessica’s life. It is also implied that the moral messages in the movie are to treat one another equally and self-acceptance.
