1. Latar Belakang ........................................................................................................ 1  
1.1. Perumusan Masalah ................................................................................................. 2  
1.2. Tujuan dan Manfaat ................................................................................................. 3  
1.3. Metode Penelitian .................................................................................................. 4  
1.4. Ruang Lingkup ........................................................................................................ 4  
1.5. Sistematika Penulisan ............................................................................................ 5

**BAB II LANDASAN TEORI**  

2. Lingkungan Kerja ........................................................................................................ 7  
2.1. Pengertian Lingkungan Kerja ............................................................................... 7  
2.1.1. Jenis-Jenis Lingkungan Kerja ......................................................................... 7  
2.1.2. Faktor-Faktor Lingkungan Kerja ..................................................................... 8  
2.2. Kinerja .................................................................................................................. 9  
2.2.1. Pengertian Kinerja ......................................................................................... 9  
2.2.2. Faktor-Faktor Kinerja .................................................................................... 10  
2.2.3. Metode Penilaian Kinerja ............................................................................... 10  
2.3. Konsep Dasar Operasional dan Perhitungan ....................................................... 11  
2.3.1. Kisi-Kisi Operasional Variabel ...................................................................... 11  
2.3.2. Uji Instrumen Penelitian .............................................................................. 13  
2.3.3. Konsep Dasar Perhitungan ............................................................................ 14

**BAB III PEMBAHASAN**  

3. Tinjauan Umum Instansi ............................................................................................ 19  
3.1. Sejarah dan Perkembangan LLDIKTI Wilayah III Jakarta................................. 19  
3.1.1. Struktur dan Tata Kerja LLDIKTI Wilayah III Jakarta................................. 21  
3.1.2. Kegiatan Organisasi LLDIKTI Wilayah III Jakarta.................................... 23  
3.2. Data Penelitian ..................................................................................................... 23  
3.2.1. Populasi dan Sampel ..................................................................................... 23  
3.2.2. Karakteristik Responden ............................................................................... 24  
3.2.3. Uji Instrumen Penelitian .............................................................................. 26  
3.2.4. Data Variabel Lingkungan Kerja (X) ........................................................... 28  
3.2.5. Data Variabel Kinerja (Y) ............................................................................. 39
3.2.6. Tabel Penolong ................................................................. 49
3.3. Analisis Variabel Lingkungan Kerja Terhadap Kinerja ........... 51
   3.3.1. Uji Koefesien Korelasi .................................................. 51
   3.3.2. Uji Koefesien Determinasi .......................................... 52
   3.3.3. Uji Persamaan Regresi ............................................... 52

BAB IV PENUTUP .......................................................................... 54
  4.1. Kesimpulan .......................................................................... 54
  4.2. Saran .................................................................................. 55
