Daftar Isi ............................................................................................................................... xi
Daftar Gambar .................................................................................................................... xiii
Daftar Tabel ............................................................................................................................ xiv
Daftar Lampiran ................................................................................................................... xv

BAB I PENDAHULUAN ...................................................................................................... 1
  1.1. Latar Belakang ............................................................................................................. 1
  1.2. Identifikasi Masalah .................................................................................................... 3
  1.3. Maksud dan Tujuan ..................................................................................................... 3
  1.4. Metode Penelitian ....................................................................................................... 4
  1.5. Ruang Lingkup ............................................................................................................ 5
  1.6. Hipotesis ..................................................................................................................... 5

BAB II LANDASAN TEORI ............................................................................................... 6
  2.1. Tinjauan Pustaka ......................................................................................................... 6
      2.1.1. Data Mining ........................................................................................................ 6
      2.1.2. Penyebab Kecelakaan Kerja ............................................................................. 8
      2.1.3. Naive Bayes ...................................................................................................... 9
  2.2. Penelitian Terkait ........................................................................................................ 10
  2.3. Tinjauan Perusahaan .................................................................................................. 12
      2.3.1. Sejarah Intansi ................................................................................................. 12
      2.3.2. Struktur Organisasi ....................................................................................... 13
BAB III METODE PENELITIAN

3.1. Tahapan Penelitian .................................................................................. 14
3.2. Instrumen Penelitian ................................................................................ 16
3.3. Populasi dan Sample ............................................................................... 16
3.4. Metode Analisis Data .............................................................................. 20

BAB IV HASIL PENELITIAN DAN PEMBAHASAN ........................................... 21

4.1. Hasil Penelitian ....................................................................................... 21
4.2. Perhitungan Manual ............................................................................... 21
  4.2.1. Menghitung Probabilitas Prior ................................................................. 21
  4.2.2. Menghitung Probabilitas Posterior .......................................................... 22
  4.2.3. Menghitung Nilai Accuracy, Sensitivity, Specificity, PPV dan NPV ...... 24
4.3. Perhitungan Rapid Miner ......................................................................... 24
  4.3.1. Pemrosesan Data .................................................................................. 24
  4.3.2. Validasi .................................................................................................. 26
  4.3.3. Hasil Performance Vector ..................................................................... 28
  4.3.4. Hasil Simple Distribution .................................................................... 32

BAB V PENUTUP .......................................................................................... 33

5.1. Kesimpulan .............................................................................................. 33
5.2. Saran ........................................................................................................ 33
