

BUKTI PERKULIAHAN MATA KULIAH BAHASA INGGRIS II

Jenis Mata Kuliah : PBL (Nilai diambil dari project selama satu semester)

Kelas: 15.2B.05

Dosen: Devita Widyaningtyas Yogyanti, S.S.,M.A

Jumlah Mahasiswa: 57

TEMU	RUANG	KEHADIRAN	BAHAN KAJIAN	BAP
1	EN5-E2	2026-03-31 07:30-10:00 Masuk: 07:31:48 -09:51:09	Pengertian Komputer Penggunaan Komputer dalam kehidupan sehari-hari Penggunaan sinonim dalam sebuah paragraph Penggunaan soal latihan tentang pernyataan benar atau salah dari paragraph tentang komputer Bahasa Inggris 2	- Introduction to basic vocabulary and terminology in Information Technology and Information Systems. - The lecturer explained the definition of IT/IS vocabulary and its importance in understanding technology. Several fundamental terms were introduced, including hardware, software, database, network, server, client, and cloud computing. Examples were provided to help students understand each term. The lecturer also explained how client-server systems work and how cloud computing allows users to access data through the internet. - Students gained a basic understanding of key IT/IS vocabulary. This knowledge will help them in future lessons related to technology and information systems.
2	EN5-E2	2026-04-07 07:30-10:00 Masuk: 07:31:39 -09:53:06	Pengertian tentang CPU Peralatan dan perlengkapan atau komponen yang terdapat di dalam sebuah CPU Bahasa Inggris 2	Topic: Reading IT Articles Activities The lecturer explained the importance and structure of IT articles. Students analyzed a short text about cloud computing by identifying the main idea, technical terms, and translating it into Indonesian. Learning Outcomes Students are able to understand IT article structure, identify key information, and improve technical vocabulary. Closing The session ended with discussion and Q&A.
3	EN5-E2	2026-04-14 07:30-10:00 Masuk: 07:31:59 -09:49:31	Pengertian apa itu software system dan operating system Jenis-jenis operating system Bahasa Inggris 2	In this meeting, the lecturer explained the concept of a simple system description, including its purpose and structure. The lecturer also provided an example of a system description to help students understand the material. Students participated in a guided practice activity and were asked to create their own simple system descriptions. Some students presented their work in front of the class. Most students were able to understand the structure of a system description and write simple sentences in English. However, some students still had difficulties with grammar, especially the use of simple present tense

4	EN5-E2	2026-04-21 07:30-10:00 Masuk: 07:31:17 -09:45:28	Pengertian Software dan Bahasa pemrograman Jenis-jenis Bahasa pemrograman Bahasa Inggris 2	Activities: In this meeting, the lecturer explained the importance of professional email communication and its structure, including subject, salutation, opening, body, closing, and signature. Students learned from examples and discussed email etiquette such as using formal, polite, and clear language. Closing: The lesson ran well, and students understood the basics of professional email writing.
5	EN5-E2	2026-05-05 07:30-10:00 Masuk: 07:32:50 -09:46:11	Pengertian malicious software Jenis-jenis virus software Bahasa Inggris 2	Description: The class discussed how to analyze and understand technology presentations. Students learned key vocabulary, presentation structure, and listening strategies. Activities included discussion, listening tasks, comprehension questions, and pair work. Outcome: Students were able to identify main ideas, key features, and structure of tech presentations, as well as improve their listening and note-taking skills.
6	EN5-E2	2026-05-11 12:30-15:00 Masuk: 12:32:24 tidak absen keluar	Pengertian hardware Jenis-jenis hardware Input devices Output devices Bahasa Inggris 2	Learning Outcomes: Students are able to: Understand the concept of Information System Projects Identify key elements in analyzing an IS project Explain a simple system using English Notes: The class was conducted interactively, and students showed good participation during discussions and presentations.
7	EN5-E2	2026-05-12 07:30-10:00 Masuk: 07:33:37 -09:45:33	REVIEW Bahasa Inggris 2	Review
8	EN5-E2	2026-05-19 07:30-10:00 Masuk: 07:34:35 -09:55:30	UTS	Students submit project I
9	EN5-E2	2026-05-26 07:30-10:00 Masuk: 07:57:11 -09:46:38	Pengertian jaringan network jenis-jenis jaringan computer Aplikasi latihan soal tentang jaringan computer dan jenis-jenisnya Bahasa Inggris 2	The lecturer explained the differences between a resume and a curriculum vitae (CV). Students learned the standard structure of a professional IT resume. The lecturer presented an example of a resume for an IT student and discussed its components. Students discussed situations in which a CV is required, particularly for academic and research applications. The session concluded with a review of a simple resume layout and best practices for preparing professional application documents.
10	EN5-E2	2026-06-02 07:30-10:00 Masuk: 07:33:47 -09:47:36	Pengertian tentang Steganography Sejarah kisah tentang asal mula steganography dan tekniknya Implementasi tentang steganography melalui latihan soal Bahasa Inggris 2	Learning Activities: The lecturer explained the importance of professional self-introductions in interviews and workplace settings. The lecturer discussed the structure and key components of an effective self-introduction. Students analyzed a sample professional self-introduction. Students created their own self-introductions based on the provided template. Students practiced introducing themselves in pairs and received feedback. Learning Outcome: Students were able to deliver a professional self-introduction by presenting their background, skills, experience, and career goals clearly and confidently

11	EN5-E2	2026-06-09 07:30-10:00 Masuk: 07:33:47 -09:47:14	Pengertian tentang Cryptography Sejarah kisah tentang asal mula Cryptography dan tekniknya Implementasi tentang Cryptography melalui latihan soal Bahasa Inggris 2	Activities Conducted: The lecturer explained the purpose and importance of writing a mini project report. Students learned the basic structure of a project report, including the Title Page, Introduction, Methodology, Results, Conclusion, and References. The lecturer presented a sample mini project report entitled Attendance App with QR Code. Students analyzed the report structure and discussed how project findings should be presented. A question-and-answer session was conducted regarding report writing techniques and project documentation. Outcome: Students gained an understanding of how to prepare a simple and well-organized mini project report for IT-related projects.
12	EN5-E2	2026-06-23 07:30-10:00 Masuk: 07:36:12 -09:47:29	Pengertian tentang layanan-layanan yang terdapat dalam internet Mengidentifikasi alamat internet Menganalisis tata cara atau etika ber-internet Bahasa Inggris 2	Learning Activities The lecturer introduced the concept of System Documentation and explained its importance in software development and system usage. Students discussed the reasons why developers, testers, and users need documentation. The lecturer explained the main types of documentation, including API Documentation, User Manuals, and Technical Specifications. Students practiced reading and interpreting a sample API documentation by identifying the endpoint, description, parameters, and response format. A class discussion was conducted on the importance of clear documentation for system maintenance and effective communication. Students evaluated documentation quality based on clarity, simplicity, completeness, consistency, and the use of examples. The meeting concluded with a reflection on the role of technical English in understanding IT documentation. Learning Outcomes At the end of the meeting, students were able to: Explain the purpose of system documentation. Identify different types of technical documentation. Understand basic information presented in API documentation. Recognize characteristics of good-quality documentation. Improve their reading comprehension and technical vocabulary related to information technology.
13	EN5-E2	2026-06-30 07:30-10:00 Masuk: 07:33:07 -09:46:22	Pengertian email Bagian-bagian dari email Ancaman-ancaman yang terjadi pada saat sedang online Bahasa Inggris 2	Learning Activities The lecturer introduced the importance of project presentations and technical communication in academic and professional environments. The lecturer explained the structure of an effective project presentation, including the title, problem, solution, demonstration, and conclusion. Students learned how to adapt communication styles for different audiences such as developers, clients, and management. The lecturer discussed techniques for enhancing presentation clarity through simple language, analogies, and visual aids. Students practiced using key expressions commonly used in project presentations.

TEMU	RUANG	KEHADIRAN	BAHAN KAJIAN	BAP
				Students participated in speaking activities by explaining technical concepts in non-technical language and providing peer feedback. The session concluded with a discussion of presentation dos and don'ts and a writing exercise related to technical communication. Learning Outcome
14	EN5-E2	2026-07-02 15:00-17:30 Masuk: 15:03:22 -17:26:05	Pengertian apa itu layanan website dan search engine cakupan dari website dan search engine Penyelesaian latihan soal Bahasa Inggris 2	Presenting and explaining key IT vocabulary terms: Algorithm, Encryption, Bandwidth, Protocol, and Debug. Detailed breakdown of definitions and technical contexts for each term (e.g., data security, networking rules, and code fixi
15	EN5-E2	2026-07-07 07:30-10:00 Masuk: 07:33:30 -09:51:20	REVIEW dan penjelasan konsep IT project communication. Bahasa Inggris 2	During Meeting 15, the instructor introduced the concept of IT Project Communication and explained its role in supporting successful IT projects. The lesson covered the definition of project communication, its importance in improving collaboration and preventing misunderstandings, and the various communication methods commonly used in software development teams. Students learned practical English expressions for project meetings, including asking for progress updates, giving feedback, requesting clarification, assigning tasks, and discussing project issues. A sample project meeting dialogue was used to demonstrate how these expressions are applied in real workplace situations. The lesson also addressed common communication barriers in IT projects and emphasized the importance of clear, effective communication in achieving project goals. As a follow-up activity, students were assigned to create or simulate a short project meeting using the English expressions introduced during the lesson.
16	EN5-E2	2026-07-14 07:30-10:00 Masuk: 07:33:30 -09:51:20	UAS	Students submit project II
